12. FIRE CHIEF'S REPORT:

13. BOARD COMMENTS:

Brunton: No Comment

Swarbrick: No Comment

Kaiserman: Absent

Harper: No Comment

Gilchrest: No Comment

14. FUTURE AGENDA ITEMS:

Next regularly scheduled Special Board Meeting September 15, 2022.
Concerns regarding the June 21, 2022, Board Meeting.

15. ADJOURNMENT: At 2:49 P.M. it was moved by Director Gilchrest and seconded by Director Brunton to adjourn; all in favor.

To: Board of Directors
From: Tim Cordero, Fire Chief
Date: September 6, 2022
Subject: Ratify Board Action from June 23, 2022

The June 23, 2022, Board of Directors meeting was attended in-person by Director's Kaiserman, Harper and Bruton, with Director Swarbrick attending remotely from a location in Sacramento and Director Gilchrest unable to participate due to location change. Director Harper, for personal reasons, left the meeting shortly after the closed session, leaving 2 Board members in attendance with the 3rd Board member attending remotely from Sacramento.

It was brought to staff's attention that while the Brown Act has provisions for remote attendance by Board members, we are required to have a quorum of the Board participate from within our District boundaries. Legal counsel confirmed the Brown Act requirements and recommended the Board ratify the actions taken during the June 23, 2022, meeting's open session. The following items received Board action during the June 23, 2022, meeting:

- MOUs for Local 3556, Management and Non-Safety Groups, 3-0 vote
- Resolution 2022-04, 2022-2023 Fiscal Year Appropriation Limits, 3-0 vote
- Resolution 2022-05 Fiscal Year 2022-2023 Preliminary Budget, 3-0 vote
- Agreement with Shingle Springs Band of Miwok Indians, 3-0 vote
- Transferring of Unobligated Funds, Radio's & Apparatus, 3-0 vote
- First Reading of First Responder Fee Ordinance, 3-0 vote
- Leadership Training, 3-0 vote

Actions that created a "contractual obligation" should still be valid without ratification, but staff recommends the Board ratify all the items listed from the June 23, 2022, meeting as the safest course of action.

	Subtotal		\$0.00

Total Payment Due 09/10/2022: \$122,518.29

Retain this Statement for your records.

Health Premium payments are to be paid in full by the 10th of each month. Payments which are not received in full on or before this date will be assessed interest on the next month's statement (California Code of Regulations §599.515) and may be subject to the delinquency process. Please note that this monthly statement is a demand for payment in accordance with the Public Employees' Medical and Hospital Care Act, and failure to timely remit health premium payments in full by the 10th of each month may result in the termination of health care coverage for your agency pursuant to Government Code §22939 and collection of any outstanding amounts, including, but not limited to, all outstanding health premium payments/contributions, interest, penalties, and the costs of collection, including reasonable legal fees, when necessary to collect the amount due.

Please pay this statement using Electronic Funds Transfer (EFT) debit or Automated Clearing House (ACH) credit method. Please visit my.calpers.ca.gov to schedule a debit EFT payment or call our CalPERS Customer Contact Center at **888 CalPERS** (or **888-225-7377**) for information regarding EFT ACH credit payments. Please allow two banking days prior to the due date for payments to be received at CalPERS on time.

To view the Monthly Employer Billing Roster, please log on to my.calpers.ca.gov and select the Download Roster option that is located within the Billing and Payment Summary section. If discrepancies are discovered when reconciling the Statement to the Roster or the Roster to your internal records, please contact us. The Health Premium Billing should be reconciled on a monthly basis.

If you have questions, please contact the **CalPERS Customer Contact Center** at **888 CalPERS** (or **888-225-7377**).

Updated 1/1/18

To: Board of Directors
From: Laura Land, Administrative Assistant
Date: September 19, 2022
Subject: Workforce Ready, Timekeeping Software

Board of Directors:

The District is in need of automating our timekeeping and data entry for our payroll purposes. We currently use multiple outdated platforms that at their end of life. The process is very labor intensive and heavily reliant on paper. These platforms put the District in a vulnerable place since there are not many experts or IT personnel versed in these outdated programs.

We have researched and reached out to a couple different software companies to seek out new, current technologies in this field. After careful consideration, we believe that we found a robust program that will encompass new features and solve some of the labor-intensive paper processes. This program is call Workforce Ready and there are two modules that would fit our needs. One is Human Resources and the other is Timekeeping. Both modules would digitalize and enhance our payroll and HR functions. This would also create an efficient way for our employees to submit records and information electronically. The other beneficial component is that Workforce Ready completely integrates with Telestaff; which we currently use for staffing.

The financial commitment for Workforce Ready with the Timekeeping and HR module is as follows.

One time set-up fee \$3500.00
Yearly cost of \$9828.00 or \$819.00 monthly

Staff would recommend the Board Approve the Fire Chief to enter into an agreement with Workforce Ready.

To: Board of Directors
From: Tim Cordero, Fire Chief
Date: September 14, 2022
**Subject: Resolution 2022-07 Final Fire Operations Budget for
Fiscal Year 2022 - 2023**

During the June 23, 2022, Board of Directors meeting, the Board approved the 2022/2023 Preliminary Budget as presented by Chief Dutch and Michael Ocenosak, CPA. The Board is required to adopt our final budget, by Resolution.

Included in your packet is the El Dorado County Fire District FY 2022/23 Final Budget, in the amount of \$14,009,330.00. The final budget and resolution have been publicly noticed as required.

Items of note within the final budget include an increase in secured property tax, from \$10,176,217.00 to \$10,536,995.00. Adjustments within the proposed final budget include an increase to the apparatus replacement fund and facilities, along with maintaining the temporary training Captain position. While the District is receiving growth beyond the statutory 2% growth, the Board should exercise caution with the external economy and impacts to the CalPERS portfolio.

Chief Dutch and Michael Ocenosak are present to provide additional overview of the proposed final budget.

Staff would recommend the Board approve Resolution 2022-07, Final Fire Operations Budget for Fiscal Year 2022-2023.

**EL DORADO COUNTY FIRE PROTECTION DISTRICT
RESOLUTION 2022-07**

**ADOPTING THE FINAL
FIRE OPERATIONS BUDGET
FOR FISCAL YEAR 2022 - 2023**

WHEREAS, the Final Fire Operations Budget has been reviewed and revised to meet anticipated revenue and expected expenditures;

WHEREAS, pursuant to Health and Safety Code Section 13900, a two-thirds majority vote of the total membership of the District Board shall be required for the future appropriation of any of the following:

- (a) Balances in appropriations for contingencies, including accretions from cancellations of appropriations.
- (b) Designations and reserves no longer required for the purpose for which Intended, excluding the general reserve, balance sheet reserves, and Reserve for encumbrances.
- (c) Amounts which are either in excess of anticipated amounts not specifically set forth in the budget derived from any or anticipated Increases in available financing.

WHEREAS; Pursuant to Government Code Sections 50075-50077.5, funds received from voter approved special taxes in the Coloma-Lotus, Pollock Pines-Camino, Pleasant Valley, Strawberry, and the Northside (Cool-Pilot Hill) areas have been designated for the specific purposes as defined in each ballot measure. Additionally, the proceeds are deposited into a special account at the El Dorado County Auditor-Controller Office and those funds will be used exclusive for such purposes.

WHEREAS; Pursuant to Government Code Sections 50078, funds received from the voter approved Fire Suppression assessment has been designated for the specific purposes as defined in the ballot measure. Additionally, the proceeds are deposited into a special account at the El Dorado County Auditor-Controller Office and those funds will be used exclusive for such purposes.

WHEREAS; a public hearing on the adoption of the Final Budget was held on September 22, 2022.

NOW, THEREFORE BE IT RESOLVED that the Final 2022-2023 Fiscal Year Budget, in the amount of \$13,871,817.00 with a derived revenue of \$14,009,330.00 for Fire Operations attached hereto and identified as EXHIBAT "A", and is hereby approved and adopted.

PASSED AND ADOPTED this 22nd day of September 2022.

ATTEST:

EL DORADO COUNTY FIRE
PROTECTION DISTRICT

Secretary, El Dorado County Fire Protection District

Chairman, Board of Directors

2022 California Fire Code Adoption

Braden Stirling
Fire Marshal

Model Codes

❖ International Codes

- Building Standards Commissions adopts model codes every 3 years.

❖ California Codes

- State of California adopts, amends and publishes State code by July.

❖ Local Ordinance

- Local Fire agencies may amend to include more restrictive requirements.
- Amendments due climate, topography, and/or geography only.
- Regional Fire agencies in agreement
 - (El Dorado County, EDHFD, Rescue, Diamond Springs, Pioneer, and Cameron Park)

Major Code Changes

- ❖ Added permit and regulations for automobile wrecking yards.
- ❖ Added permit for traffic calming devices.
- ❖ Clarified open burning restrictions.
- ❖ Clarified sprinkler requirements for existing commercial buildings with additions and/or increased fire and life safety risk.
- ❖ Changed residential fire sprinkler alarm device from bell to horn/strobe.

Major Code Changes

- ❖ Added commercial fire alarm monitoring company response requirement
- ❖ Clarified commercial fire alarm requirements for existing buildings with additions and/or increased fire and life safety risk.
- ❖ Added liability for cost and/or damages due to negligent or unlawful use of hazardous materials resulting in emergency response.
- ❖ Removed requirement for property owners to lease propane tanks.

Major Code Changes

- ❖ Removed requirement for pyrotechnic proprietary information.
- ❖ Reduced required fire flow for new residential developments of up to 4 homes from 1000gpm to 750gpm.

SECTION 2: FINDINGS OF FACTS

In connection with the amendments enacted by Section 2 and 3 relating to the California Fire Code and its appendix, 2022 edition, the El Dorado County Fire Protection District (ECFPD) makes the following findings pursuant to Health and Safety Code Section 17958.5, 17958.7 and 18941.5. The changes are reasonably necessary because of local climatic, topographical, or geological conditions.

ECFPD hereby adopts pursuant to Section 18941.5 of the California Health and Safety Code, the following findings of fact:

(a) Under this adopting ordinance, specific amendments have been established which are of a more restrictive nature than those adopted by the State of California (State Buildings Standards Code, State Housing & Community Development Codes) commonly referred to as Title 24 & Title 25 of the California Code of Regulations. These amendments to the California Fire Code 2022 edition, have been recognized by the ECFPD to address the fire problems, concerns, and future direction by which ECFPD can establish and maintain an environment which will afford a level of fire and life safety to all who live and work within its boundary.

(b) The International Code Council has assumed responsibility for the International Fire Code and International Fire Code Standards. The International Code Council provided a means for participation by all code enforcement officials from throughout the country as well as industry representatives, consultants, and other private parties with an interest in the International Fire Code.

(c) The International Fire Code, being the 2021 edition thereof, published by the International Code Council is a nationally recognized compilation of proposed rules, regulations, and standards of said Association.

(d) Said International Fire Code has been printed and published as a Code in book form within the meaning of Section 50022.1 of the Government Code of the State of California.

(e) Under the provisions of Section 18941.5 of the Health and Safety Code, local amendments are based on climatic, topographical, and geological conditions. The findings of fact contained herein address each of these situations and present the local situation, which either singularly or in combination, caused the amendments to be adopted.

2022 CFC FINDINGS

LOCAL CONDITIONS

A. These amendments are justified based on a local climatic condition. ECFPD is subject to precipitation, relative humidity, temperature extremes, and high velocity winds.

1. Precipitation & relative humidity

a. Conditions

Precipitation. Average annual precipitation ranges from approximately 38 inches per year in rain and 64 inches of snow annually. Approximately 88% of the average rainfall occurs during the months of November through April and 12% from May through October. This area has experienced major droughts in the last two decades: 1986 -1991, 1998 – 2003, 2007 - 2009, and 2011 - 2015. It is possible that more droughts will occur in the future based on the weather cycle pattern.

Relative Humidity. During the summer months (May through September), the daily humidity ranges around 20% and occasionally drops to the low teens.

2. Temperature

a. Conditions

Temperatures. During the summer months (May through September), the daily temperatures commonly exceed 90 degrees Fahrenheit, with temperatures having been recorded as high as 115 degrees Fahrenheit.

3. Winds

a. Conditions

Winds. The summer prevailing winds are out of the south and southwest. However, north winds occur during the spring (April and May), the fall (September and October), and occasionally during the summer months (June, July, and August). Velocities are in the range of five to fifteen miles per hour, gusting to 30 miles per hour during the summer months.

SUMMARY

These local climatic conditions affect the acceleration, intensity, and size of fire in the community. Times of little or no rainfall and elevated temperatures create extremely hazardous conditions, particularly as they relate to residential roof fires and wildfire conflagrations. The climatic conditions are one of the greatest impacts to fire behavior and other major emergency events due to their uncontrollable nature.

2022 CFC FINDINGS

B. These amendments are justified on the basis of a local geologic and topographic conditions. ECD is subject to varied terrain, slopes, increased vegetation, varied surface features, hazardous building operations, and terrain risk factors.

1. Geological location

a. Conditions

Geological Location. El Dorado County Fire Protection District is located in the foothills of the Sierras at an altitude range of approximately 1,400 feet to 5,300 feet above sea level.

2. Size and population

a. Conditions

Size and Population. The ECFPD encompasses approximately 74,000 residents in 281 square miles.

3. Seismic Location

a. Conditions

Seismic Location. The nearest identified fault zone running through the ECFPD is the Bear Mountain Fault. This fault zone splits into multiple branches which transect the area between Folsom and Shingle Springs. The closest branch passes through the west end of the ECFPD along the western edge of Browns Ravine. The next nearest extension of this fault system is located immediately at the north end of the ECFPD and extends from the southeast arm of Folsom Lake, north to the City of Auburn. No recent geologic activity has been observed along this fault. However, studies of the east branch of the fault zone, conducted by Woodward-Clyde Associates for the Auburn Dam, and by Tierra Engineering Consultants near Folsom Lake, indicate that the fault may be reactivating based on recent tectonic trends and should be considered potentially active.

4. Topography

a. Conditions

Topography. The topography of the ECFPD varies from level 0% slope to terrain with over a 40% slope. The valley floor is relatively flat with gentle slopes and consists of grassland and trees. The east and west sides of the valley floor increase to approximately 40% slopes and consist of trees, brush, and grass-covered range land. The slope in all cardinal directions within ECFPD is significant. Hilly terrain throughout the area provides gullies or areas referred to as “chimneys” which accelerate the spread of fire in addition to dense, mature forest land.

2022 CFC FINDINGS

5. Roads and streets

a. Conditions

Roads and Streets. ECFPD has seen a moderate degree of urban and commercial development within the last 15 years. With this development comes the increase of vehicular traffic and congestion which can have a direct effect on the response time of emergency apparatus. Many pre-existing roadways and streets do not conform to current standards and are narrow and winding in design, thus creating an increase in response time by ECFPD apparatus.

6. Building Clearances

a. Conditions

Building Clearances. As residential development continues to occur in the ECFPD, the clearance between homes has decreased which increases the ability of fire to spread from one home to another by both radiation and convection heat. Combined with the wild land urban interface (WUI) and lack of resources for defensible space, risk to life, property and environment is inherently increased.

SUMMARY

The above geological and topographical conditions increase the magnitude, exposure, accessibility problems and fire hazards that ECFPD is responsible to mitigate. Fire following an earthquake has the potential of causing greater loss of life and damage to property than the earthquake itself.

Other variables may tend to increase the situation:

1. The damage that may occur to the water system.
2. The extent of isolation due to roadway damage, overpass collapse and debris blocking the roadway.

EL DORADO COUNTY FIRE PROTECTION DISTRICT

RESOLUTION 2022-08

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE EL DORADO COUNTY FIRE PROTECTION DISTRICT
ADOPTING FINDINGS SUPPORTING AMENDMENTS TO THE CALIFORNIA FIRE CODE**

A resolution for the El Dorado County Fire Protection District setting forth findings with respect to local conditions within the Fire District which make certain modifications and changes to the California Fire Code reasonably necessary for preserving fire and life safety in the El Dorado County Fire Protection District.

The Governing Board of the El Dorado County Fire Protection District finds and resolves as follows:

WHEREAS, Health & Safety Code Section 17958.5 permits a Fire Protection District to adopt an ordinance which changes or modifies the State Housing regulations adopted pursuant to Health & Safety Code Section 17922 upon determination that such changes or modifications are necessary due to local conditions that pertain regulations governing conditions hazardous to life, property and the environment from fire, explosion, hazardous materials and hazardous uses; and

WHEREAS, Health & Safety Code Section 17958. 7 requires that a District's Board of Directors making any changes or modifications pursuant to Health & Safety Code Section 17958.5 shall make express finding that such changes or modifications are needed; and shall file a copy of such changes or modifications with the Department of Housing and Community Development.

WHEREAS, the unique local climatic, geological, and topographical conditions existing within the boundaries of the District make it reasonably necessary for the District to impose more stringent requirements than set forth in the California Fire Code and pursuant to California Health and Safety Code sections 13869.7 and 17958.7, the District desires to make express findings to that effect.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the El Dorado County Fire Protection District, after having duly noticed and held public hearings, hereby adopts the following findings concerning current unique local conditions that together make each modification to the California Fire Code, reasonably necessary to provide adequate and effective protection of life, property and the environment more specifically set forth as follows:

**FINDINGS OF FACT
FOR CHANGES OR MODIFICATIONS TO THE STATE BUILDING STANDARDS
CODE (TITLE 24PART 9) BECAUSE OF LOCAL CONDITIONS**

A. General.

After due consideration, the Board of Directors of the El Dorado County Fire Protection District, hereby finds that due to local climatic, geologic and topographic conditions, as stated within this document, there is a need to provide the modifications and changes contained in the adoptive Ordinance of the California Fire Code. Such changes are deemed to be reasonably necessary to provide adequate and effective protection of life, property and the environment.

The El Dorado County Fire Protection District provides fire protection, emergency medical services and specialized rescue services to approximately seventy-four thousand people in a 281 square mile area. The District is located on the western slope of El Dorado County. The topography of the District ranges from rolling hills of grass and oak woodland in the west and oak-timber in the steep drainages of the east portion. The weather conditions vary from freezing temperatures with occasional snow in winter, to summer temperatures that regularly exceed 100 degrees.

The District is divided into five distinct areas: Gold Hill, City of Placerville, Pleasant Valley, Pollock Pines/Strawberry, and Shingle Springs. Most of the commercial and industrial areas are located along the corridor of Highway 50 and more rural communities with home sites on larger parcels along the outer areas of the district

The El Dorado County Fire Protection District is an “all-risk” agency in which the District participates in a sophisticated automatic aid program with other agencies within the county. The resources of the District will respond to, and deal with, any type of emergency. The term “Fire Protection” in this document is broad and includes responses to fires, smoke and odor investigations, alarms, public assist calls, hazardous materials incidents, medical aid, fire investigations and specialized rescues.

The District has five; full-time, staffed fire stations which provide emergency services to the community. Fire Station 17 is located in the unincorporated town of Pollock Pines at 6430 Pony Express Trail. Fire Station 19 is located in the unincorporated area of Placerville known as Pleasant Valley at 4429 Pleasant Valley Road. Fire Station 25 is located in the City of Placerville at 3034 Sacramento Street. Fire Station 28 is located in the unincorporated town of Shingle Springs at 3860 Ponderosa Road. Fire Station 72 is located in the unincorporated town of Cool at 7200 Saint Florin Court. The District has 72 full-time, career personnel, along with three support staff positions.

B. Climatic.

The El Dorado County Fire Protection District is located within a foothill region. The District is subject to four seasons, with an annual average snow fall in the winter months of 2 inches, in addition to an average rainfall of 45 inches per year. These adverse weather conditions create severe hazardous road conditions and flooding as well as rock slide hazards along the main access roads within, as well as into, the District from the surrounding areas. Due to periods of rainfall, along with repeated road closures, the ability of the Fire Protection District to provide immediate emergency response is often delayed. These same adverse climatic conditions often result in a large number of vehicular accidents that place extreme restraints on the availability of emergency response to perform emergency rescue, first aid, hazardous materials control and fire- fighting. The climatic conditions often result in a substantial or total lack of ability of the Fire Protection District to respond immediately to other types of emergency situations that occur. Examples of these emergency situations include structure fires, wildland and forest fires, flooding, hazardous materials incidents, emergency medical calls, vehicle accidents and

vertical rescues. The mutual aid agreements established with adjoining fire agencies might not be possible due to adverse climatic conditions, restricting or totally blocking access into the District.

Summary:

These local climatic conditions affect the acceleration, intensity, and size of fires in the Fire District. Times of little or no rainfall, low humidity and high temperatures create extremely hazardous conditions, particularly as they relate to the wildland - urban interface. Winds experienced in this area can have a significant impact upon structure fires, especially in buildings in close proximity to one another, and to wildlands commonly found in the El Dorado County Fire Protection District. Structures built within the El Dorado County Fire Protection District must be built with these variables in mind.

- C. **Geological.** The El Dorado County Fire Protection District is located within moderate activity seismic Zone Three. The seismic, geological conditions present a potential for multiple fires, major breakage of water mains, multiple electrical power failures, multiple collapsed structures and a large number of calls for emergency medical aid, all of which may occur simultaneously during a seismic event. The water district has numerous water-pumping systems used for fire suppression water delivery, as well as water storage tanks providing water system pressure. Most of the pumping systems are dependent on electrical power for operation. Such electrical power may not be available during a seismic event. Water storage tanks used for the storage of required fire suppression water may also collapse in such an event forcing the additional need to transport water via additional pieces of fire apparatus which will place a significant restraint on the ability of the District to provide the required emergency services.

Summary:

Local geographic and geological features and processes exist within the boundaries of the district that may hamper the ability of the El Dorado County Fire Protection District to perform its sworn duties. Fire following an earthquake has the potential of causing greater loss of life and damage than the earthquake itself.

- D. **Topographical.** The District is primarily composed of areas that are considered by the State to be high fire hazard severity zones with areas of very high severity zones. Much of the District is located within foothill terrain, covered with highly combustible vegetation, including the presence of many coniferous forested areas. The elevation within the District ranges from at 1,400 feet to over 6,000 feet at the highest point. Slope within the District ranges from 0 degrees to 90 degrees. The structures within the areas of foothills terrain have very limited fire access, due to narrow roadways with steep grades and poor road surface conditions. The District is accessible only from the outside by one State Highway and one U.S. Highway. The Highway 50 corridor goes directly through the El Dorado County Fire District and at times may be closed by snow or mudslides. This can make access to many parts of the El Dorado County Fire District difficult. The presence of many existing structures within the high fire hazard severity zone areas provides for a very high potential of a structure fire spreading into a wildland or forest fire condition as well as the potential for a wildland or forest fire spreading to structures.

Summary:

The alignment of canyons, valleys and slopes into inhabited areas, combined with the variable nature of the terrain, yield a potential for increased fire risk. Most structures, both residential and commercial, are in, or are surrounded by areas that contain a significant grass, brush, mixed oak woodland, and mixed conifer fuel load. Due to drought conditions, beetle infestations, and lack of vegetation management, much of the area is populated with either dead or dying trees, contributing to an extreme fire danger.

E. Conclusion:

Local climatic, geographic and topographic conditions described above increase the frequency, intensity, and size of fires involving buildings in the Fire District. Further, these conditions impact potential damage to structures from an earthquake and subsequent fire. Therefore, it is reasonably necessary that the California Fire Code be modified to mitigate the effects of the above conditions.

California Health & Safety Code Section 17958.7 requires that modifications to the Fire Code be expressly marked and identified as to which each finding refers to which Code modification. The attached Appendix A provides this connection.

INTRODUCED at a regular meeting of the Board of Directors of the El Dorado County Fire Protection District on September 13th, 2022.

PASSED AND ADOPTED at a regular meeting of the Board of Directors of the El Dorado County Fire Protection District on September 13th, 2022, by the following roll call vote:

ATTEST:

Kathleen Freeman, Board Secretary

Chris Swarbrick, Board Chair

EL DORADO COUNTY FIRE PROTECTION DISTRICT

ORDINANCE NO. 2022-02

BE IT ORDAINED BY THE BOARD OF DIRECTORS OF THE EL DORADO COUNTY FIRE PROTECTION DISTRICT AS FOLLOWS:

An ordinance of the El Dorado County Fire Protection District (ECFPD) adopting the 2022 Edition of the *California Fire Code*, incorporating the 2021 Edition of the *International Fire Code*, regulating and governing the safeguarding of life and property from fire and explosion hazards arising from the storage, handling and use of hazardous substances, materials and devices, and from conditions hazardous to life or property in the occupancy of buildings and premises in the ECFPD; providing for the issuance of permits and collection of fees therefor; Repealing Ordinance No. 2019-01 of the ECFPD and all other ordinances and parts of the ordinances in conflict therewith.

Be it ORDAINED by the Board of Directors of the ECFPD, also known as the El Dorado County Fire Protection District:

Section 1: **FINDINGS OF FACTS**

Section 2: **ADOPTION OF CODE WITH EXCLUSIONS**

Section 3: **LOCAL AMENDMENTS**

Section 4: **CONFLICT**

Section 5: **SEVERABILITY**

Section 6: **EFFECTIVE DATE AND PUBLICATION**

SECTION 1: FINDINGS OF FACTS

The ECFPD makes certain changes (listed below) to the *California Fire Code*, 2022 Edition, pursuant to *Health & Safety Code Sections 13869.7, 17958.5, 17958.7 and 18941.5* during this code adoption process. Such changes are necessary because of local climatic, geological and/or topographical conditions. The ECFPD has adopted, pursuant to *Section 18941.5* of the *California Health & Safety Code*, the findings of facts relative to these conditions by Resolution #2019-10 of the ECFPD dated September 19, 2019.

SECTION 2: ADOPTION OF CODE WITH EXCLUSIONS

The ECFPD adopts the 2022 *California Fire Code, Title 24, Part 9, in its entirety*, including Appendices, incorporating those sections of the *International Fire Code*, 2021 edition not adopted by the state, with the exclusions listed below:

Exclusions: 103, 309, 311.5, 311.6, 318, 403.3, 403.5, 403.8, 403.10, 403.11, 404, 406, 903.3.1.2, 904.1.1, 1103.1, 1103.3-1103.4, 1103.6, 1105, Chapter 26, D104.2 (Exception only), D106.1 (Exception only), D107.1 (Exceptions only), Appendix A, Appendix G, Appendix J, Appendix K, Appendix L, Appendix M, Appendix N, Appendix O.

Appendices not adopted can be used for reference in enforcing other sections of the 2022 *California Fire Code*.

SECTION 3: AMENDMENTS TO THE 2022 CALIFORNIA FIRE CODE

The following Sections are hereby amended or added:

Chapter 1

SECTION 101.1 "TITLE" SHALL BE AMENDED AS FOLLOWS:

Section 101.1 TITLE. These regulations shall be known as the Fire Code of *ECFPD*, hereinafter referred to as "this code".

SECTION 105.5 "REQUIRED OPERATIONAL PERMITS" IS AMENDED AS FOLLOWS:

Section 105.5 Required operational permits. The fire code official is authorized to issue operational permits for the operations set forth in Sections 105.5.2 through 105.5.525.

SECTION 105.5.55 "AUTOMOBILE WRECKING YARDS" IS ADDED AS FOLLOWS:

Section 105.5.55 Automobile wrecking yards. *An operational permit is required for the operation of automobile wrecking yards.*

SECTION 105.6 "REQUIRED CONSTRUCTION PERMITS" IS AMENDED AS FOLLOWS:

Section 105.6 required construction permits. The fire code official is authorized to issue construction permits for work as set forth in sections 105.6.1 through 105.6.246.

SECTION 105.6.25 "AUTOMOBILE WRECKING YARDS" IS ADDED AS FOLLOWS:

Section 105.6.25 Automobile wrecking yards. *Construction permits are required for the installation of or modification to automobile wrecking yards.*

SECTION 105.6.26 "TRAFFIC CALMING DEVICES" IS ADDED AS FOLLOWS:

105.6.26 Traffic calming devices. *Construction permits are required for the installation or modification of traffic calming devices.*

SECTION 107.5 "PERMIT, PLAN REVIEW AND INSPECTION FEES" SHALL BE ADDED AS FOLLOWS:

Section 107.5 Permit. *A schedule of fees adopted by the district board of directors for plan review, inspections and the issuance of permits by the district may be found in the most current district fee schedule (Health & Safety Code 17951).*

SECTION 107.5.1 "COST RECOVERY FEES" SHALL BE ADDED AS FOLLOWS:

Section 107.5.1 Cost Recovery Fees. *Fire service fees may be charged to any person, firm, corporation or business that through negligence, violation of the law, or as a result of carelessness, is responsible for the cause of the district to respond to the scene of an incident. A district board may charge a fee to cover the cost of any service which the district provides or the cost of enforcing any regulation for which the fee is charged (Health & Safety Code 13916). The fee shall not exceed the actual cost of suppressing the fire and/or responding to the scene of an incident.*

SECTION 107.7 "ADMINISTRATIVE COSTS" SHALL BE ADDED AS FOLLOWS:

Section 107.7 Administrative Costs. *When a test or inspection is scheduled, and the contractor fails to perform to the satisfaction of the authority having jurisdiction (AHJ), the AHJ may bill the contractor for actual time spent traveling to and from the test/inspection location and the time spent at the test/inspection site as well as administrative costs.*

SECTION 111.5 "APPEAL PROCEDURES AND TIMELINES" SHALL BE ADDED AS FOLLOWS:

Section 111.5 Appeal Procedures and Timelines. *Any person or entity who believes they may be adversely affected by an order, decision, or determination made by the fire code official through a written notice may appeal this matter within 15 calendar days of the postmark on the notice. All such appeals shall be filed in writing with the Secretary of the Governing Board for the district. A timely appeal shall stay further action by the fire code official until the matter is determined by the Appeal Board as outlined in Section 109.2, unless the issue poses an imminent fire or life safety hazard to members of the public. The fire code official shall notify the appellant by certified mail of the date and time of such hearing. The hearing shall be scheduled to take place no sooner than 20 calendar days from the date shown on the certified mail. The appellant shall have the right to appear in person or by agent at the hearing and present oral, written and/or photographic evidence to the Appeal Board.*

SECTION 112.4 "VIOLATION PENALTIES" SHALL BE AMENDED AS FOLLOWS:

Section 112.4 Violation Penalties. *Persons who shall violate a provision of this code or shall fail to comply with any of the requirements thereof or who shall erect, install, alter, repair or do work in violation of the approved construction documents or directive of the fire code official, or of a permit or certificate used under provisions of this code, shall be guilty of a *misdemeanor**

or infraction, at the discretion of the prosecuting attorney or agency, punishable by a fine not more than \$100.00 for a first violation; A fine not exceeding \$500.00 for a second violation of the same provision within one year; A fine not exceeding \$1000.00 for each additional violation of the same provision within one year, or by imprisonment not exceeding 180 days, or both such fine and imprisonment. Each day that a violation continues after due notice has been served shall be deemed a separate offense. (Health & Safety Code Sections 13145 and 17995).

SECTION 112.4.2 "CITATIONS" SHALL BE ADDED AS FOLLOWS:

Section 112.4.2 Citations. *The Fire Chief, or his/her duly authorized representative, may issue citations for infractions or misdemeanor violations of this code pursuant to Section 13871 of the Health & Safety Code of the State of California and Chapter 5c (commencing with Section 853.6) of Title 3 of Part 2 of the Penal Code of the State of California.*

SECTION 113.4 "FAILURE TO COMPLY" SHALL BE AMENDED AS FOLLOWS:

Section 113.4 Failure to Comply. Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be *punishable by a fine or imprisonment or both as described in Section 112.4 (Health & Safety Code Sections 13145 and 17995).*

Chapter 2

SECTION 202 "CAMPFIRE" SHALL BE ADDED AS FOLLOWS:

CAMPFIRE. *A fire which is used for cooking, personal warmth, lighting, or aesthetic purposes.*

SECTION 202 "DISTRICT" SHALL BE ADDED AS FOLLOWS:

DISTRICT. *The district and all other areas within the exterior boundaries thereof now or hereafter established.*

SECTION 202 "DRIVEWAY" SHALL BE ADDED AS FOLLOWS:

DRIVEWAY. *A vehicular access that serves up to two (2) parcels with no more than two (2) residential units and any number of non-commercial or industrial buildings on each parcel.*

SECTION 202 "EXECUTIVE BODY" SHALL BE ADDED AS FOLLOWS:

EXECUTIVE BODY. *The Board of Directors of the District.*

SECTION 202 "FIRE CHIEF" SHALL BE ADDED AS FOLLOWS:

FIRE CHIEF. *The Chief Executive Fire Officer of the Fire department/district serving the jurisdiction or a duly authorized representative.*

SECTION 202 "FIRE HAZARD" SHALL BE ADDED AS FOLLOWS:

FIRE HAZARD. Any condition, arrangement, or act which will increase, or may cause an increase of, the hazard or menace of fire to a greater than customarily recognized as normal by persons in the public service of preventing, suppressing or extinguishing fire; or which may obstruct, delay, or hinder, or may become the cause of obstruction, delay or hinderance to the prevention, suppression, or extinguishment of fire.

SECTION 202 "OPEN BURNING" SHALL BE AMENDED AS FOLLOWS:

OPEN BURNING. The burning of materials wherein products of combustion are emitted directly into the ambient air without passing through a stack or chimney from an enclosed chamber. Open burning does not include road flares, smudge-pots and similar devices associated with safety or occupational uses typically considered open flames. For the purpose of this definition, a chamber shall be regarded as enclosed when, during the time combustion occurs, only apertures, ducts, stacks, flues or chimneys necessary to provide combustion air and permit the escape of exhaust gas are open.

Open burning shall also include campfires, bonfires, portable outdoor fireplaces, ceremonial fires, and recreational fire as defined in the Fire Code.

Exception:

1. *UL or ASMI listed LPG or natural gas outdoor flame devices, such as gas BBQ's or gas fire pits that comply with the Fire Code.*
2. *For one-or two-family dwellings, fixed or portable outdoor flame devices that meet the following:*
 - a. *Devices shall comply with the Fire Code.*
 - b. *Devices shall be used per manufacturer's specifications.*
 - c. *Minimum 10-foot clearance from device to all flammable material and vegetation.*
 - d. *No burning shall be conducted during high or extreme fire weather conditions (e.g., National Weather Service Red Flag Warnings).*
3. *Campfires on private lands. Where required by the fire code official, a permit shall be issued by the fire code official.*
4. *Ceremonial and/or religious burning with the following safety measures:*
 - a. *Maximum 4-foot x 4-foot burn area.*
 - b. *Minimum 10-foot clearance from edge of burn area to all flammable material and vegetation.*
 - c. *An approved water supply is located within 500-feet of the burn area.*
 - d. *The burn area is located no less than 30-feet from adjoining property lines.*
 - e. *An adult is present with a shovel until the fire is extinguished.*
 - f. *No burning shall be conducted during high or extreme fire weather conditions (e.g., National Weather Service Red Flag Warnings).*

SECTION 202 "TRAINED CROWD MANAGER" SHALL BE ADDED AS FOLLOWS:

TRAINED CROWD MANAGER. Standby personnel, usually a security guard or usher personnel, who are trained in the proper procedure to exit people from a tent or other place of public assemblage in an orderly and calm fashion in the event of an emergency

Chapter 3

SECTION 302.1 "DEFINITIONS" SHALL BE AMENDED AS FOLLOWS:

3D PRINTER.

ADDITIVE MANUFACTURING.

BONFIRE.

CAMPFIRE.

HI-BOY.

HIGH-VOLTAGE TRANSMISSION LINE.

OPEN BURNING.

PORTABLE OUTDOOR FIREPLACE.

POWERED INDUSTRIAL TRUCK.

RECREATIONAL FIRE.

SKY LANTERN.

SECTION 307.4.4 "OPEN BURNING RESTRICTIONS" SHALL BE ADDED AS FOLLOWS:

Section 307.4.4 Open Burning Restrictions. *Open burning on all lands within the jurisdiction of the El Dorado County Fire Protection District (ECFPD), including the Local Response Area (LRA), is prohibited when the California Department of Forestry and Fire Protection (Cal Fire) issues a burn suspension in the State Responsibility Area (SRA). This prohibition shall be made effective 24-hours following its commencement in the SRA.*

Open burning is also prohibited on all lands within the jurisdiction of ECFPD at any time the fire code official that atmospheric conditions or other local circumstances make such fires hazardous, including factors such as high winds, low fuel moisture, fire weather, the issuance of red flag warnings, severe threat of wildland fire, or present risk of destruction by wildfire to life, wildlife, property, or natural resources.

Chapter 4

SECTION 401.2.1 "PRE-FIRE PLANS" IS ADDED AS FOLLOWS:

Section 401.2.1 Pre-fire plans. *Where required by the fire code official, a pre-fire plan shall be provided and approved by the fire code official for all new commercial structures.*

Chapter 5

SECTION 503.2.1 "DIMENSIONS" SHALL BE AMENDED AS FOLLOWS:

Section 503.2.1 Dimensions. Fire apparatus access roads shall have an unobstructed width of not less than 20 feet (6096 mm), exclusive of shoulders, *as measured from face of curb to face of curb*, except for approved security gates in accordance with Section 503.6, and an

unobstructed vertical clearance of not less than 15 feet. *Driveways shall have an unobstructed width of not less than 12 feet wide.*

SECTION 503.2.5 “DEAD ENDS” SHALL BE AMENDED AS FOLLOWS:

Section 503.2.5 Dead Ends. *Dead-end fire apparatus access roads and driveways in excess of 150 feet (45,720 mm) in length shall be provided with an approved area for turning around fire apparatus.*

SECTION 503.2.6 “BRIDGES AND ELEVATED SURFACES” SHALL BE AMENDED AS FOLLOWS:

Section 503.2.6 Bridges and Elevated Surfaces. *Where a bridge or an elevated surface is part of a fire apparatus access road, the bridge shall be constructed and maintained in accordance with AASHTO HB-17, the current El Dorado County Transportation Division Bridge Standard or Appendix D of the current California Fire Code, whichever is more restrictive. Bridges and elevated surfaces shall be designed for a live load sufficient to carry the imposed loads of fire apparatus. Vehicle load limits shall be posted at both entrances to bridges when required by the fire code official. Where elevated surfaces designed for emergency vehicle use are adjacent to surfaces that are not designed for such use, approved barriers, approved signs or both shall be installed and maintained where required by the fire code official.*

SECTION 503.3.1 “NO PARKING IN FIRE LANES” SHALL BE ADDED AS FOLLOWS:

Section 503.3.1 No Parking In Fire Lanes. *No person shall stop, park, or leave standing any vehicle, whether attended or unattended, except when necessary to avoid conflict with other traffic or in compliance with the directions of the Fire Chief, or his/her duly authorized representative, Peace Officer or official traffic control device along the edge of any highway, at any curb, or in any location in a publicly or privately owned or operated off-street parking facility, designated as a fire lane by the district with jurisdiction over the area in which the place is located. The designation shall be indicated (1) by a sign posted immediately adjacent to, and visible from, the designated place clearly stating in letters not less than one inch in height that the place is a fire lane, (2) by outlining or painting the place in red and, in contrasting color, marking the place with the words “FIRE LANE”, which are clearly visible from a vehicle, or (3) by a red curb or red paint on the edge of the roadway upon which is clearly marked the words “FIRE LANE”.*

SECTION 503.3.2 “NO PARKING IN FRONT OF HYDRANTS” SHALL BE ADDED AS FOLLOWS:

Section 503.3.2 No Parking in Front of Hydrants. *No person shall stop, park, or leave standing any vehicle within 15 feet of a fire hydrant except as follows: (a) If the vehicle is attended by a licensed driver who is seated in the front seat and who can immediately move such vehicle in case of necessity, (b) If the vehicle is owned or operated by a fire department and is clearly marked as a fire department vehicle.*

SECTION 503.3.3 “FIRE LANES BASED ON ROAD WIDTH” SHALL BE ADDED AS FOLLOWS:

Section 503.3.3 Fire Lanes Based on Road Width. *Fire lanes shall be based on road width as required in Appendix D as amended by the district.*

SECTION 503.6 "SECURITY GATES" IS AMENDED AS FOLLOWS:

Section 503.6 Security Gates. The installation of security gates across a fire apparatus access road shall be approved by the fire code official *and shall comply with the District gate standard.* Where security gates are installed, they shall have an approved means of emergency operation. The security gates and the emergency operation shall be maintained operational at all times. Electric gate operators, where provided, shall be listed in accordance with UL 325. Gates intended for automatic operation shall be designed, constructed, and installed to comply with the requirements of ASTM F2200.

SECTION 505.1 "ADDRESS IDENTIFICATION" SHALL BE AMENDED AS FOLLOWS:

Section 505.1 Address Identification. *Addresses for new and existing buildings shall comply with the District address standard as approved by the fire code official.* The address identification shall be legible and placed in a position that is visible from the street or road fronting the property. Address identification characters shall contrast with their background. Address numbers shall be Arabic numbers or alphabetical letters. Numbers shall not be spelled out. Each character shall be not less than 4 inches (102 mm) high with a minimum stroke width of $\frac{1}{2}$ inch (12.7 mm). Where required by the fire code official, address identification shall be provided in additional approved locations to facilitate emergency response. *access is by means of a private road and the building cannot be viewed from the public way, a monument, pole or other sign or means shall be used to identify the structure.* Address identification shall be maintained.

SECTION 507.5.1 "WHERE REQUIRED" SHALL BE AMENDED AS FOLLOWS:

Section 507.5.1 Where Required. Where a portion of the facility or building hereafter constructed or moved into or within the jurisdiction is more than 150 feet from a hydrant on a fire apparatus access road, as measured by an approved route around the exterior of the facility or building, on-site fire hydrants and mains capable of supplying the required fire flow shall be provided where required by the fire code official.

Exceptions:

1. For Group R-3 and Group U occupancies, the distance requirement shall be 600 feet (183 m).

SECTION 509.3 "FIRE CONTROL ROOM" SHALL BE ADDED AS FOLLOWS:

Section 509.3 Fire Control Room. *Fire sprinkler risers, fire alarm control panels, solar photovoltaic power system rapid shutoff switches, and other fire detection, suppression or similar control elements shall be located inside a single fire control room for the building. The fire control room shall have minimum dimensions of five feet by seven feet in size with a total usable area of not less than 35 square feet. The room shall be located within the building on an outside wall at a location approved by the Fire Code Official and shall be accessible from the exterior. An exterior access door with a clear width of not less than 32 inches and height of not less than 80 inches shall be provided for access into the room. A durable sign shall be affixed to the exterior of the door with the words "FIRE CONTROL ROOM" in letters not less*

than 4 inches in height. A key box complying with Section 506 shall be installed on the exterior side of the fire control room door opening.

The room must be capable of maintaining a minimum temperature of 40 degrees Fahrenheit. A clearance of 12 inches shall be provided from the fire sprinkler risers to any adjacent walls. This room can be shared with other building utilities or fire protection equipment that is not incompatible. An approved cabinet or container shall be provided to store record plans of the fire sprinkler system and other fire protection equipment. This room shall not be used for any other storage.

Exception: One-and two-family dwellings, manufactured homes or similar uses defined as either a Group R-3, R3.1, or R-4 occupancy.

SECTION 510.4.2.3 "STANDBY POWER" SHALL BE AMENDED AS FOLLOWS:

Section 510.4.2.3 Standby power. In-building, two-way emergency responder communication radio coverage systems shall be provided with dedicated standby batteries or provided with 2-hour standby batteries and connected to the facility generator power system in accordance with Section 1203. The standby power supply shall be capable of operating the in-building, two-way emergency responder communication coverage system at 100-percent system capacity for a duration of not less than 72 hours.

Chapter 9

SECTION 903.2 "WHERE REQUIRED" SHALL BE AMENDED AS FOLLOWS:

Section 903.2 Where Required. Approved automatic sprinkler systems *in new buildings and structures when constructed or relocated within the jurisdiction shall be provided in the locations* described in Sections 903.2.1 through 903.2.12 and Sections 903.2.14 through 903.2.23.

Exception: *Agricultural buildings not under a special use permit used for commercial purposes.*

SECTION 903.2.1.1 "GROUP A-1" SHALL BE AMENDED AS FOLLOWS:

Section 903.2.1.1 Group A. An automatic sprinkler system shall be provided throughout stories containing Group A-1 occupancies and throughout all stories from the Group A-1 occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 3,600 square feet.
2. The fire area has an occupant load of 300 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.
4. The fire area contains a multi-theater complex

SECTION 903.2.1.2 "GROUP A-2" SHALL BE AMENDED AS FOLLOWS:

Section 903.2.1.2 Group A-2. An automatic sprinkler system shall be provided throughout stories containing Group A-2 occupancies and throughout all stories from the Group A-2

occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 3,600 square feet;
2. The fire area has an occupant load of 100 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.
4. The structure exceeds 3,600 square feet, contains more than one fire area containing a Group A-2 occupancy, and is separated into two or more buildings by fire walls of less than 4-hour fire-resistance rating without openings.

SECTION 903.2.1.3 "GROUP A-3" SHALL BE AMENDED AS FOLLOWS:

Section 903.2.1.3 Group A-3. An automatic sprinkler system shall be provided throughout stories containing Group A-3 occupancies and throughout all stories from the Group A-3 occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 3,600 square feet.
2. The fire area has an occupant load of 300 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.
4. The structure exceeds 3,600 square feet, contains more than one fire area containing exhibition and display rooms, and is separated into two or more buildings by fire walls of less than 4-hour fire-resistance rating without openings.

SECTION 903.2.1.4 "GROUP A-4" SHALL BE AMENDED AS FOLLOWS:

Section 903.2.1.4 Group A-4. An automatic sprinkler system shall be provided throughout stories containing Group A-4 occupancies and throughout all stories from the Group A-4 occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 3,600 square feet.
2. The fire area has an occupant load of 300 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.

SECTION 903.2.3 "GROUP E" SHALL BE AMENDED AS FOLLOWS:

Section 903.2.3 Group E. An automatic sprinkler system shall be provided for Group E occupancies as follows:

1. Throughout all Group E fire areas greater than 3,600 square feet in area.
2. The Group E fire area is located on a floor other than a level of exit discharge serving such occupancies.

Exception: In buildings where every classroom has not fewer than one exterior exit door at ground level, an automatic sprinkler system is not required in any area below the lowest level of exit discharge serving that area.

3. The Group E fire area has an occupant load of 300 or more.
4. In rooms or areas with special hazards such as laboratories, vocational shops and other such areas where hazardous materials in quantities not exceeding the maximum allowable quantity are used or stored.
5. Throughout any Group E structure greater than 3,600 square feet in area, which contains more than one fire area, and which is separated into two or more buildings by fire walls of less than 4-hour fire resistance rating without openings.
6. For public school state funded construction projects see Section 903.2.19.
7. For public school campuses, Kindergarten through 12th grade, see Section 903.2.20

SECTION 903.2.4 "GROUP F-1" SHALL BE AMENDED AS FOLLOWS:

Section 903.2.4 Group F-1. An automatic sprinkler system shall be provided throughout all buildings containing a Group F-1 occupancy where one of the following conditions exists:

1. A Group F-1 fire area exceeds 3,600 square feet.
2. A Group F-1 fire area is located more than three stories above grade plane.
3. The combined area of all Group F-1 fire areas on all floors, including any mezzanines, exceeds 3,600 square feet.

SECTION 903.2.7 "GROUP M" SHALL BE AMENDED AS FOLLOWS:

Section 903.2.7 Group M. An automatic sprinkler system shall be provided throughout buildings containing a Group M occupancy where one of the following conditions exists:

1. A Group M fire area exceeds 3,600 square feet.
2. A Group M fire area is located more than three stories above grade plane.
3. The combined area of all Group M fire areas on all floors, including any mezzanines, exceeds 3,600 square feet.
5. The structure exceeds 3,600 square feet, contains more than one fire area containing a Group M occupancy, and is separated into two or more buildings by fire walls of less than 4-hour fire resistance rating without openings.

SECTION 903.2.7.2 "GROUP M UPHOLSTERED FURNITURE OR MATTRESSES" SHALL BE AMENDED AS FOLLOWS:

Section 903.2.7.2 Group M Upholstered Furniture or Mattresses. An automatic sprinkler system shall be provided throughout a Group M fire area where the area used for the display and sale of upholstered furniture or mattresses exceeds 3,600 square feet.

SECTION 903.2.8.5 "MANUFACTURED HOMES" SHALL BE ADDED AS FOLLOWS:

Section 903.2.5.2 Manufactured Homes. *An automatic fire sprinkler system shall be required in all new manufactured homes and multi-family manufactured homes intended for use as a one-and two-family dwelling. The design and installation of such systems shall be in accordance with California Code of Regulations, Title 25, §4300.*

Exceptions:

1. *Manufactured homes located within an existing mobile home park complying with California Health and Safety Code, Division 13, Part 2.1 or 2.3.*
2. *Manufactured homes that do not exceed 1,200 square feet in size and serve as an accessory dwelling unit, as defined in Government Code Section 658502; when the existing primary residence on the property is not required to comply with California Residential Code Section R313.2.*
3. *Manufactured homes that do not exceed 320 square feet in size.*

SECTION 903.2.9 “GROUP S-1” SHALL BE AMENDED AS FOLLOWS:

Section 903.2.9 Group S-1. An automatic sprinkler system shall be provided throughout all buildings containing a Group S-1 occupancy where one of the following conditions exists:

1. A Group S-1 fire area exceeds 3,600 square feet.
2. A Group S-1 fire area is located more than three stories above grade plane.
3. The combined area of all Group S-1 fire areas on all floors, including any mezzanines, exceeds 3,600 square feet.
4. A Group S-1 fire area used for the storage of commercial motor vehicles where the fire area exceeds 3,600 square feet.

SECTION 903.2.10 “GROUP S-2” SHALL BE AMENDED AS FOLLOWS:

Section 903.2.10 Group S-2. An automatic sprinkler system shall be provided throughout buildings classified as parking garages where any of the following conditions exist:

1. Where the fire area of the enclosed parking garage, in accordance with Section 406.6 of the California Building Code, exceeds 3,600 square feet.
2. Where the enclosed parking garage, in accordance with Section 406.6 of the California Building Code, is located beneath other groups.

Exception: Enclosed parking garages located beneath Group R-3 occupancies.

3. Where the fire area of the open parking garage, in accordance with Section 406.5 of the California Building Code, exceeds 3,600 square feet.

SECTION 903.2.10.1 “COMMERCIAL PARKING GARAGES” SHALL BE AMENDED AS FOLLOWS:

Section 903.2.10.1 Commercial Parking Garages. An automatic sprinkler system shall be provided throughout buildings used for storage of commercial motor vehicles where the fire area exceeds 3,600 square feet.

SECTION 903.2.22 “GROUP B” SHALL BE ADDED AS FOLLOWS:

Section 903.2.22 Group B. *An automatic sprinkler system shall be provided throughout all buildings containing Group B occupancies where the fire area exceeds 3,600 square feet.*

SECTION 903.2.23 “GROUP F-2” SHALL BE ADDED AS FOLLOWS:

Section 903.2.23 Group F-2. *An automatic sprinkler system shall be provided throughout all buildings containing Group F-2 occupancies where the fire area exceeds 3,600 square feet.*

SECTION 903.6 “WHERE REQUIRED IN EXISTING BUILDINGS AND STRUCTURES” IS AMENDED AS FOLLOWS:

Section 903.6 Where Required In Existing Buildings and Structures. An automatic sprinkler system shall be provided in existing buildings and structures where required in Chapter 11 *and as follows:*

1. When there is a change in occupancy classification that results in an increased life safety or fire risk, as determined by the fire code official, and the structure exceeds 3,600 square feet, an automatic fire sprinkler system shall be installed throughout the building.
2. *In existing buildings 3,600 square feet or greater, other than one and two-family dwelling units, and agricultural buildings not under special use permit for commercial purposes, where the floor area of the building or structure is increased, such building or structure shall be made to conform to Section 903.2.*

Exception: *When the building increase is less than 500 square feet.*

3. *In existing buildings 3,600 square feet or less, other than one-and two-family dwelling units, and agricultural buildings not under special use permit for commercial purposes, where the floor area of the building or structure is increased to a total square footage over 3,600 square feet, such building or structure shall be made to conform to Section 903.2.*

Exception: *When the building increase is less than 500 square feet.*

SECTION 907.2. “WHERE REQUIRED – NEW BUILDINGS AND STRUCTURES” SHALL BE AMENDED AS FOLLOWS:

Section 907.2. Where Required – New Buildings and Structures. An approved fire alarm system installed in accordance with the provisions of this code and NFPA 72 shall be provided in new buildings and structures in accordance with Sections 907.2.1 through 907.2.30 and provide occupant notification in accordance with Section 907.5, unless other requirements are provided by another section of this code.

Not fewer than one manual fire alarm box shall be provided in an approved location to initiate a fire alarm signal for fire alarm systems employing automatic fire detectors or waterflow detection devices. Where other sections of this code allow elimination of fire alarm boxes due to sprinklers or automatic fire alarm systems, a single fire alarm box shall be installed at a location approved by the enforcing agency.

Exceptions:

1. The manual fire alarm box is not required for fire alarm control units systems dedicated to elevator recall control, supervisory service and fire sprinkler monitoring.
2. The manual fire alarm box is not required for Group R-2 occupancies unless required by the fire code official to provide a means for fire watch personnel to initiate an alarm during a sprinkler system, impairment event. Where provided, the manual fire alarm box shall not be located in an area that is open to the public.
3. The manual fire alarm box is not required to be installed when approved by the fire code official.
4. *A fire alarm system is not required in one and two-family dwellings, agricultural buildings, and other occupancies classified as Group U not under special use permit and/or not used for commercial purposes (e.g. retail sales, food service, and/or special events).*
5. *Buildings with a floor area less than 500 square feet may be exempt, as determined by the fire code official based on building construction material and features, location, occupancy type, and distance to exposures.*

SECTION 907.2.1.4 "GROUP A UNDER 3,600 SQUARE FEET" SHALL BE ADDED AS FOLLOWS:

Section 907.2.1.4 Group A Under 3,600 Square Feet. *An approved fire alarm system shall be installed in all group A buildings with a floor area less than 3,600 square feet.*

SECTION 907.2.2.3 "GROUP B UNDER 3,600 SQUARE FEET" SHALL BE ADDED AS FOLLOWS:

Section 907.2.2.3 Group B Under 3,600 Square Feet. *An approved fire alarm system shall be installed in all group B buildings with a floor area less than 3,600 square feet.*

SECTION 907.2.3.11 "GROUP E UNDER 3,600 SQUARE FEET" SHALL BE ADDED AS FOLLOWS:

Section 907.2.3.11 Group E Under 3,600 Square Feet. *An approved fire alarm system shall be installed in all group E buildings with a floor area less than 3,600 square feet.*

SECTION 907.2.4.1 "GROUP F UNDER 3,600 SQUARE FEET" SHALL BE ADDED AS FOLLOWS:

Section 907.2.4.1 Group F Under 3,600 Square Feet. *An approved fire alarm system shall be installed in all group F buildings with a floor area less than 3,600 square feet.*

SECTION 907.2.5.2 "GROUP H UNDER 3,600 SQUARE FEET" SHALL BE ADDED AS FOLLOWS:

Section 907.2.5.2 Group H Under 3,600 Square Feet. *An approved fire alarm system shall be installed in all group H buildings with a floor area less than 3,600 square feet.*

SECTION 907.2.6.6 "GROUP I UNDER 3,600 SQUARE FEET" SHALL BE ADDED AS FOLLOWS:

Section 907.2.6.6 Group I Under 3,600 Square Feet. *An approved fire alarm system shall be installed in all group I buildings with a floor area less than 3,600 square feet.*

SECTION 907.2.7.2 "GROUP M UNDER 3,600 SQUARE FEET" SHALL BE ADDED AS FOLLOWS:

Section 907.2.7.2 Group M Under 3,600 Square Feet. *An approved fire alarm system shall be installed in all group M buildings with a floor area less than 3,600 square feet.*

SECTION 907.2.8.4 "GROUP R-1 UNDER 3,600 SQUARE FEET" SHALL BE ADDED AS FOLLOWS:

Section 907.2.8.4 Group R-1 Under 3,600 Square Feet. *An approved fire alarm system shall be installed in all group R-1 buildings with a floor area less than 3,600 square feet.*

SECTION 907.2.9.4 "GROUP R-2, R-2.1, R-2.2 UNDER 3,600 SQUARE FEET" SHALL BE ADDED AS FOLLOWS:

Section 907.2.9.4 Group R-2, R-2.1, R-2.2 Under 3,600 Square Feet. *An approved fire alarm system shall be installed in all group R-2, R-2.1, R-2.2 buildings with a floor area less than 3,600 square feet.*

SECTION 907.2.10.1 "GROUP S UNDER 3,600 SQUARE FEET" SHALL BE ADDED AS FOLLOWS:

Section 907.2.10.1 Group S Under 3,600 Square Feet. *An approved fire alarm system shall be installed in all group S buildings with a floor area less than 3,600 square feet.*

907.2.30 "TYPE I HOOD INSTALLATIONS" SHALL BE ADDED AS FOLLOWS:

907.2.30 "Type I Hood Installations. *The requirement of installation, or replacement, of a Type I Hood System shall require a fire alarm/sprinkler monitoring system to be installed, or for the hood system to be connected to an existing fire alarm/sprinkler monitoring system for that building.*

907.6.5 "MONITORING" SHALL BE AMENDED AS FOLLOWS:

907.6.5 Monitoring. *Fire alarm systems required by this chapter or by the California Building Code shall be monitored by an approved, UL certified, Type A Full Service central, proprietary or remote station service, which gives audible and visual signals at a constantly attended location. All sprinklered buildings shall be monitored.*

Exceptions:

1. *One- and two-family dwellings (R-3 Occupancies and other occupancies classified as "U").*

2. *Agricultural buildings not under special use permit and/or not used for commercial purposes (e.g., retails sales, food service, and/or special events).*

SECTION 907.6.2.1 "SECONDARY POWER SUPPLY" SHALL BE ADDED AS FOLLOWS:

SECTION 907.6.2.1 SECONDARY POWER SUPPLY. *Where required by the fire code official, in accordance with NFPA 72, the secondary power supply providing a minimum 24-hour power capacity under quiescent load (system operating in a non-alarm condition) shall be amended to a minimum 72-hour power capacity.*

Exception: *The existence of an emergency back-up power supply that meets or exceed the requirements of California Fire Code Chapter 12.*

SECTION 907.9 "WHERE REQUIRED IN EXISTING BUILDINGS" SHALL BE AMENDED AS FOLLOWS:

SECTION 907.9 Where Required. *An approved fire alarm system shall be provided in existing buildings and structures where required in Chapter 11 and in existing buildings with a floor area less than 3,600 square feet without an approved automatic sprinkler system, other than one- or two-family dwelling units, agricultural building not under special use permit for commercial purposes where a fire alarm detection system does not exist and the floor area of the building or structure is increased*

Exception: *When the building increase is less than 500 square feet.*

Chapter 12

SECTION 1203.1.3 "INSTALLATION" SHALL BE AMENDED AS FOLLOWS:

Section 1203.1.3 Installation. *Emergency power systems and standby power systems shall be installed in accordance with the California Building Code, the California Electrical Code, NFPA 110 and NFPA 111. All buildings, other than one- and two-family dwelling units, and agricultural buildings not used for commercial purposes, with standby power, shall have a shunt trip device that disconnects all power sources to the building, approved by the fire code official. Existing installations shall be maintained in accordance with the original approval.*

Chapter 33

SECTION 3311.3 "PREMISE IDENTIFICATION" SHALL BE ADDED AS FOLLOWS:

Section 3311.3 Premise Identification. *Prior to and during construction, an approved address sign shall be provided at each fire and emergency vehicle access road entry into the project.*

SECTION 3313.1 "WHEN REQUIRED" SHALL BE AMENDED AS FOLLOWS:

Section 3313.1 When Required. *An approved water supply for fire protection, either temporary or permanent, shall be installed and maintained in continuous operation as soon as combustible building materials arrive on site, the commencement of vertical combustible*

construction and on installation of a standpipe system in buildings under construction, in accordance with Sections 3313.2 through 3313.5.

Exception: The fire code official is authorized to reduce the fire-flow requirements for isolated buildings or a group of buildings in rural areas or small communities where the development of full fire-flow requirements is impractical.

Chapter 50

SECTION 5001.7 "LIABILITY FOR DAMAGES" SHALL BE ADDED AS FOLLOWS:

Section 5001.7 Liability for Damages. *Any damages or cost resulting from the negligence, violation of the law, careless handling, spill or discharge of any hazardous materials shall constitute debt against any such person, firm or corporation causing such spill or discharge. This debt is collectible by the Fire Chief, or his/her duly authorized representative, in the same manner as in the case of an obligation under contract, expressed or implied.*

Chapter 56

SECTION 5601.2 "PERMIT REQUIRED" SHALL BE AMENDED AS FOLLOWS:

Section 5601.2 Permit Required. Permits shall be required as set forth in Section 105.5 and regulated in accordance with this section. *Where fireworks permits are required, they shall be issued by the Fire Chief, or his/her duly authorized representative, and the El Dorado County Board of Supervisors.*

Chapter 57

SECTION 5704.2.9.6.1 "LOCATIONS WHERE ABOVE-GROUND TANKS ARE PROHIBITED" SHALL BE AMENDED AS FOLLOWS:

SECTION 5704.2.9.6.1 Locations Where Above-Ground Tanks are Prohibited. Storage of Class I and Class II flammable liquids in above-ground tanks outside of buildings is prohibited within the limits established by law as the limits of districts in which such storage is prohibited. *Storage of Class I and Class II flammable liquids in above-ground tanks outside of buildings is prohibited unless approved by the fire code official.*

SECTION 5706.2.4.4 "LOCATIONS WHERE ABOVE-GROUND TANKS ARE PROHIBITED" SHALL BE AMENDED AS FOLLOWS:

SECTION 5706.2.4.4 Locations Where Above-Ground Tanks are Prohibited. The storage of Class I and Class II liquids in above-ground tanks is prohibited within the limits established by law as the limits of districts in which such storage is prohibited. *Storage of Class I and Class II liquids in above-ground tanks is prohibited unless approved by the fire code official.*

Chapter 58

SECTION 5806.2 "LIMITATIONS" SHALL BE AMENDED AS FOLLOWS:

SECTION 5806.2 Limitations. Storage of flammable cryogenic fluids in stationary containers outside of buildings is prohibited within the limits established by law as the limits of districts in which such storage is prohibited. *Storage of flammable cryogenic fluids in stationary containers outside of buildings is prohibited unless approved by the fire code official.*

Chapter 61

SECTION 6104.2 "MAXIMUM CAPACITY WITHIN ESTABLISHED LIMITS" SHALL BE AMENDED AS FOLLOWS:

SECTION 6104.2 Maximum Capacity within Established Limits. Within the limits established by law restricting the storage of liquefied petroleum gas for the protection of heavily populated or congested areas, the aggregate capacity of any one installation shall not exceed a water capacity of 2,000 gallons. *The storage of liquefied petroleum gas in excess of an aggregate of 2,000-gallon water capacity when located at least one-half (1/2) mile from property zoned or designated for residential use and at least one-half (1/2) mile from existing residential development with a density greater than one (1) dwelling unit per acre and at least one-half (1/2) mile from any hotel or motel is allowed when approved by the fire code official, and a special/conditional use permit is issued by the County of El Dorado.*

Dispensing within established limits. Within the limits established by law restricting the dispensing of liquefied petroleum gas for the protection of heavily populated or congested areas, the aggregate capacity of any one installation shall not exceed a water capacity of 2,000 gallons. The dispensing of liquefied petroleum gas in excess of an aggregate of 2,000-gallon water capacity when located at least one-half (1/2) mile from property zoned or designated for residential use and at least one-half (1/2) mile from any hotel or motel is allowed when approved by the fire code official and a special/conditional use permit is issued by the County of El Dorado.

Chapter 80

SECTION 80, NFPA 1-22, CHAPTER 22 "AUTOMOTIVE WRECKING YARDS" IS ADOPTED, AMENDED SECTIONS AS FOLLOWS:

Revise Section 22.3 as follows:

22.3 Fire department access roads shall be in accordance with the California Fire Code, Section 503 and Appendix D.

Add new Section 22.10 as follows:

22.10 Stored vehicles, boats, recreational vehicles, parts, and equipment shall not be stored within 30 feet of adjacent property lines.

SECTION 80, NFPA, 13D-22 – “STANDARD FOR THE INSTALLATION OF SPRINKLER SYSTEMS IN ONE-AND TWO FAMILY DWELLINGS AND MANUFACTURED HOMES” IS AMENDED AS FOLLOWS: 903.3.1.3, 903.3.5.1.1

NFPA 13D, Amended Sections as follows:

Add new Section 4.6 as follows:

4.6 Residential fire sprinkler systems installed in all new one-and two-family dwellings shall utilize a “Passive Purge” system design unless otherwise approved by the fire code official.

Exception: *Manufactured home installed, tested and approved by the California Department of Housing and Community Development.*

Revise Section 5.1.1.2 as follows:

5.1.1.2 A supply of at least one of each type and temperature sprinkler used within the premises shall be maintained on the property at an approved location. Spare sprinklers shall be kept in a mounted and accessible cabinet.

Revise Section 7.6 as follows:

7.6 A local audio/visual device activated upon water flow shall be provided on all fire sprinkler systems in homes at an approved location on the exterior of the dwelling.

Revise Section 11.2.1.1 as follows:

11.2.1.1 Where a fire department pumper connection is not provided, the system shall be hydrostatically tested at a minimum pressure of 150 pounds per square inch gauge for no less than a 30-minute duration without evidence of leakage. Such test shall be witnessed by the fire code official.

Appendix B – Fire Flow Requirements for Buildings

TABLE B105.1(1) “REQUIRED FIRE FLOW FOR ONE- AND TWO-FAMILY DWELLINGS, GROUP R-3, AND R-4 BUILDINGS AND TOWNHOUSES” SHALL BE AMENDED AS FOLLOWS:

TABLE B105.1(1) REQUIRED FIRE FLOW FOR ONE- AND TWO-FAMILY DWELLINGS, GROUP R-3, AND R-4 BUILDINGS AND TOWNHOUSES

FIRE-FLOW CALCULATION AREA (square feet)	AUTOMATIC SPRINKLER SYSTEM (Design Standard)	MINIMUM FIRE-FLOW (gallons per minute)	FLOW DURATION (hours)
0 – 3,600	No automatic sprinkler system	1,000	1

3,601 and greater	No automatic sprinkler system	Value in Table B105.1(2)	Duration in Table B105.1(2) at the required fire-flow rate
MAJOR SUBDIVISIONS (5 PARCELS OR GREATER)			
0 – 3,600	Section 903.3.1.3 of the CA Fire Code or Section 313.3 of the CA Residential Code	1,000	1
3,601 and greater	Section 903.3.1.3 of the CA Fire Code or Section 313.3 of the CA Residential Code	1/2 value of Table B105.1(2) (min. 1000 GPM)	2
OTHER RESIDENTIAL DEVELOPMENT			
0 – 3,600	Section 903.3.1.3 of the CA Fire Code or Section 313.3 of the CA Residential Code	500	1
3,601 and greater	Section 903.3.1.3 of the CA Fire Code or Section 313.3 of the CA Residential Code	1/2 value of Table B105.1(2) (min. 750 GPM)	1

TABLE B105.2 “REQUIRED FIRE FLOW FOR BUILDINGS OTHER THAN ONE- AND TWO-FAMILY DWELLINGS, GROUP R-3, AND R-4 BUILDINGS AND TOWNHOUSES” SHALL BE AMENDED AS FOLLOWS:

TABLE B105.2 REQUIRED FIRE FLOW FOR BUILDINGS OTHER THAN ONE- AND TWO-FAMILY DWELLINGS, GROUP R-3, AND R-4 BUILDINGS AND TOWNHOUSES

AUTOMATIC SPRINKLER SYSTEM (Design Standard)	MINIMUM FIRE-FLOW (gallons per minute)	FLOW DURATION (hours)
No automatic sprinkler system	Value in Table B105.1(2)	Duration in Table B105.1(2)
Section 903.3.1.1 of the CA Fire Code	25% of the value in Table B105.1(2) ^b	Duration in Table B105.1(2) at the reduced flow rate

b. The reduced fire flow shall not be less than 1,500 gpm

Appendix D – Fire Apparatus Access Roads

SECTION D103.1 “ACCESS ROAD WIDTH WITH A HYDRANT” SHALL BE AMENDED AS FOLLOWS:

Section D103.1 Access Road Width with a Hydrant. Where a fire hydrant is located on a fire apparatus access road, the minimum road width shall be 26 feet (7925 mm), exclusive of shoulders (see Figure D103.1).

Exception: Driveways

SECTION D103.2 “GRADE” SHALL BE AMENDED AS FOLLOWS:

SECTION D103.2 Grade. Fire apparatus access roads *and driveways* shall not exceed 15.9% in grade unless approved by the fire code official or by the El Dorado County amended California Public Resource Code Title 14 / Design and Improvement Standards Manual.

SECTION D103.3 “TURNING RADIUS” SHALL BE AMENDED AS FOLLOWS:

SECTION D103.3 Turning Radius. The minimum turning radius shall be determined by the fire code official; *and shall not include curb and gutter.*

SECTION D103.5 “FIRE APPARATUS ACCESS ROAD GATES” SHALL BE AMENDED AS FOLLOWS:

SECTION D103.5 Fire Apparatus Access Road Gates. Gates securing the fire apparatus access roads shall comply with all of the following criteria:

1. Where a single gate is provided, the gate width shall be not less than 20 feet (6096 mm). Where a fire apparatus road consists of a divided roadway, the gate width shall be not less than 15 feet (3658 mm).
2. Gates shall be of the horizontal swing, horizontal slide, vertical lift or vertical pivot type.
3. Construction of gates shall be of materials that allow manual operation by one person.
4. Gate components shall be maintained in an operative condition at all times and replaced or repaired when defective.
5. Electric gates shall be equipped with a means of opening the gate by fire department personnel for emergency access. Emergency opening devices shall be approved by the fire code official.
6. Methods of locking shall be submitted for approval by the fire code official.
7. Electric gate operators, where provided, shall be listed in accordance with UL 325.
8. Gates intended for automatic operation shall be designed, constructed and installed to comply with the requirements of ASTM F2200.

SECTION D103.6.1 “ROADS 20 TO 29 FEET IN WIDTH” SHALL BE AMENDED AS FOLLOWS:

SECTION D103.6.1 Roads 20 to 29 feet in width. Fire lane signs as specified in Section D103.6 shall be posted on both side of fire apparatus access roads that are 20 to 29 feet wide (6096 to 8534.4 mm).

SECTION D103.6.2 “ROADS MORE THAN 29 FEET IN WIDTH” SHALL BE AMENDED AS FOLLOWS:

SECTION D103.6.2 Roads more than 29 feet in Width. Fire lane signs as specified in Section D103.6 shall be posted on one side of fire apparatus access roads more than 29 feet wide (8534.4 mm) and less than 36 feet wide (10972.8 mm).

SECTION D104.4 “CIRCUMFERENTIAL FIRE APPARATUS ACCESS ROADS” SHALL BE ADDED AS FOLLOWS:

SECTION D104.4 Circumferential Fire Apparatus Access Roads. *When required by the fire code official, a fire apparatus access road shall be constructed to encompass the entirety of a structure and shall provide a continuous means of emergency vehicle access.*

SECTION 4: CONFLICT

That Ordinance No. 2019-01 of the ECFPD, and all other ordinances or parts of ordinances herewith are hereby repealed.

SECTION 5: SEVERABILITY

If any Ordinance, article, subsection or subdivision thereof, provision, sentence, clause or phrase of this code, or any application thereof, is for any reason held to be invalid by a court of competent jurisdiction, such decision shall not affect the remaining provisions of this code, which can be given effect without the invalid portions and, therefore, such invalid portions are declared to be severable. The ECFPD hereby declares that it would have enacted this Ordinance and each of its articles, sections, subsections, or subdivisions thereof, provisions, sentences, clauses or phrases irrespective of the fact that one or more of them is declared invalid.

SECTION 6: EFFECTIVE DATE AND PUBLICATION

This Ordinance shall take effect thirty (30) days after its adoption. The ECFPD Board Secretary is directed to publish this ordinance in a newspaper of general circulation in the District. In lieu of publication of the full text of the ordinance, a summary of the ordinance may be published by the by the Board Secretary within fifteen (15) days after its passage and a

certified copy shall be posted in the office of the ECFPD pursuant to *Government Code Section 36933(c) (1)*.

The above Ordinance was introduced at a meeting of the Board of Directors of the ECFPD on September 30, 2022, and it was then read for the first time. A public hearing was set for the Ordinance to be read for the second time on October 20, 2022 and approved by the following vote:

PASSED AND ADOPTED by the Board of Directors of the ECFPD this, _____ day of _____, 2022.

AYES:

NOES:

ABSENT:

ABSTAIN:

Chris Swarbrick, Board Chair

ATTEST:

Kathleen Freeman, Board Secretary

To: Board of Directors
From: Tim Cordero, Fire Chief
Date: September 22, 2022
Subject: AFG Grant – Self Contained Breathing Apparatus

The Fire Districts Self Contained Breathing Apparatus (SCBA's) are currently in their 3rd NFPA cycle, 2007 compliant. Staff has met to discuss our plan for timing and replacement of our SCBA's. Staff has met with two grant assistant companies for input on their services pertaining to Assistance to Firefighters Grant (AFG) Program and our need for replacing our SCBA's.

Staff had several webinars and conference calls with Fire Grant Experts regarding our needs. Fire Grants Experts is a company founded by firefighters, that focuses on Fire Departments and the AFG processes. The cost of their grant writing services is \$6,500.00, if there is a need to resubmit the following year(s) this can be done for approximately \$1,000.00.

AFG apportionment is typically 80/20 for equipment, however, we may need to adjust our portion of the costs to improve the viability of our grant application. Staff received a quote last year for replacement of 100 SCBA's for approximately \$883,000.00.

Staff would recommend the Board approve the Fire Chief to enter into an agreement with Fire Grant Experts for \$6,500.00 to pursue an AFG Grant to replace our SCBA's.

Staff Report

To: Board of Directors
From: Paul Lohan, Division Chief
Date: September 20, 2022
Subject: Utility Apparatus Purchase

Board of Directors:

The District has received funding from the County's Transient Occupancy Tax (TOT) for the purchase of a Utility to replace U72. This request is to purchase one utility to replace U72 and purchase a second from the Apparatus account to replace U21 and use as a backup command vehicle.

Each vehicle will cost approximately \$56,000 with an additional approximate cost of \$12,000 to build the emergency lights and radio console. We have received \$72,000 from TOT funds which will cover the cost of one of the vehicles.

These vehicles have already been reserved from a vendor with a delivery date before the end of 2022.

Respectfully:
Division Chief

DC Paul Lohan

To: Board of Directors
From: Braden Stirling
Date: September 19, 2022
Subject: Mobile Radio Purchase

With the order of the three New Pierce Type 1, one Ladder Truck, and a Duty Chief Utility, purchase of mobile radios is required. The current radio configuration for our new apparatus is having two mobile radios for communications. One BK Mobile Radio and one Kenwood TK5710. We were informed that the Kenwood TK5710 is being discontinued, and we can purchase the last five from our supplier, Silverado Avionics. Kenwood will continue to support the radios for any future repairs. The purchase of these radios including tax and shipping is \$11,446.79.

Staff would recommend approval for the purchase of five Kenwood TK-5710 mobile radios from Silverado Avionics for the cost of \$11,446.79.

To: Board of Directors
From: Trent Williams, Division Chief
Date: September 17, 2022
Subject: Station 16- Roof Replacement

The Fire District has recognized the need to replace the roof at Station 16 in Kyburz, CA. This project will consist of removing the old shingles down to the deck, making any needed repairs and installing a roof with an acceptable warranty.

Last Spring, while making repairs to the roof, it was noticed the fiberglass backing was showing through. This was found throughout the roof with the worst being over the engine bay. Upon further inspection, rot was also found in one corner of the engine bay decking. Also, most fascia boards were found to be weathered beyond repair. The attic area over the living space was checked and found to be in good shape with no obvious damage.

A Notice to Bid was placed on the District website, as well as the Facebook page. Eight companies were contacted by phone, of which, 3 showed interest and were met at Station 16 for a walk through. A request was made for a composition roof and metal. The District received bids offering the following (rounded to the nearest hundred).

- 1- El Dorado Roofing- 30-year comp/ \$29,000, metal- \$80,400
- 2- Mountain Roofing- 10-year comp/ \$44,900, metal- \$76,900
- 3- Garner Roofing- 10-year comp/ \$73,300, metal- \$89,600

These prices do not include any construction work that was previously identified & stated above. As such, the District should plan for additional costs once the roofing is completely removed and the entire deck inspected.

The Staff recommends that the Fire Board approve of entering into a contract with El Dorado Roofing for the replacement of the Kyburz Station 16 roof. Further, to approve any needed construction costs to comply with building standards in the county.

End of report.

Subject: Special Tax Annual Report

Certain direct charge levies are subject to the Local Agency Special Tax and Bond Accountability Act as codified in Government Code 50075 et seq. and 53410 et seq. The purpose of these acts is for Counties/Cities/Schools/Special Districts to provide explicit public accountability for their voter-approved special tax or bond. In addition to requiring the District's Board to take action to provide for certain accountability measures, this law requires levying District's Board to specifically account for their special tax or bond. General practice provides the district with 6 months to file the report following the end of the fiscal year.

Please find the attached report, generated by SCI Consulting, as part of their ongoing contractual work with the district. The report has been filed with El Dorado County, as required. The report is provided to the Board as information and fulfills County requirements. No Action is required.

Executive Summary

Introduction

In 1991 the El Dorado County Fire District (“EDCFD” or “District”) was formed from the consolidation of seven smaller fire districts. The EDCFD area covers nearly 281 square miles. An estimated 74,000 residents receive fire, emergency medical, and rescue services from the EDCFD. The District serves the communities of Apple Hill, Camino, Coloma, Cool, Gold Hill, Kyburz, Lotus, Oak Hill, Pacific House, Pilot Hill, Placerville, Pleasant Valley, Pollock Pines, Salmon Falls, Shingle Springs, Sierra Springs, Silver Fork, Strawberry, Texas Hill, and Twin Bridges. The EDCFD boundaries are displayed on page 9 of this report.

The District is governed by a five-member Board of Directors who are elected by the general population within the District boundaries and serve four-year terms.

The District’s operations and services are funded from several sources: a small portion of ad valorem property taxes; the Pleasant Valley Fire Protection District Special Tax; the Pollock Pines-Camino Fire Protection District Special Tax; the Northside Fire Protection District Special Tax; the Coloma-Lotus Fire Protection District Special Tax; the Strawberry Area Fire Suppression Assessment; the Shingle Springs Fire Suppression Assessment; and other miscellaneous revenues.

This Report summarizes the purpose of the special taxes, the fiscal year 2021-22 special tax, methods of apportionment, and other related data as required by Government Code Section 50075.1 et seq.

For fiscal year 2021-22 and in future years, the special taxes described below will continue to be collected and their revenues will continue to provide local fire suppression, protection and emergency response services within the area of the El Dorado County Fire District.

Pleasant Valley Special Tax

The Pleasant Valley Special Tax was created after it received a 69.14% of the votes at a special election held on March 24, 1981, within the boundaries of the original Pleasant Valley Fire Protection District.

The purpose of this special tax is to raise additional revenue to fund operating expenses, capital improvement expenditures in order to provide local fire suppression, protection, and emergency response services within the boundaries of the ECFPD.

Coloma-Lotus Special Tax

The Coloma-Lotus Special Tax was established on June 23, 1981, after it received 68.3% majority votes at a special election.

The purpose of this special tax is to raise additional revenue to fund operating expenses, capital improvement expenditures in order to provide local fire suppression, protection, and emergency response services within the boundaries of the ECFPD.

Pollock Pines-Camino Special Tax

The Special Tax for the Pollock Pines-Camino Fire Protection District was approved within the entire boundary of the District at the special election held on June 23, 1981. The measure received a 70.4% support.

The purpose of this special tax is to raise additional revenue to fund operating expenses, capital improvement expenditures in order to provide local fire suppression, protection, and emergency response services within the boundaries of the ECFPD.

Northside Special Tax

On February 3, 1987, registered voters in the Northside Fire Protection District voted to approve a special tax. The special tax measure received 80.9% support

The purpose of this special tax is to raise additional revenue to fund operating expenses, capital improvement expenditures in order to provide local fire suppression, protection, and emergency response services within the boundaries of the EDCFD.

Strawberry Area Suppression Assessment

On August 10, 1992, the Strawberry Area Suppression Assessment was formed as a condition for annexation into the EDCFD. Less than 50 percent of the property owners filed a written protest, thus giving the District authority to form the Assessment District.

The purpose of this special tax is to raise additional revenue to fund operating expenses, capital improvement expenditures in order to provide local fire suppression, protection, and emergency response services within the boundaries of the EDCFD.

Rates and Special Tax Methods of Apportionment

The special taxes are levied each year on each taxable parcel of land within its respective boundaries within the El Dorado County Fire District at the annual rates shown in the following tables.

Pleasant Valley Special Tax

The passage of the Pleasant Valley Special Tax by the voters on March 24, 1981, authorized the District to levy the special tax at a rate of \$42.00 per parcel as described in the table below. The Pleasant Valley Special Tax did not provide for any future annual increases to the original tax rate; therefore, the tax rates have remained the same since they were first levied in fiscal year 1981-1982.

Figure 1 – Pleasant Valley Special Tax Rates

Parcel Land Use	Tax Rate
All Real Property	\$42.00 per parcel

Coloma-Lotus Special Tax

The table below displays the Coloma-Lotus Special Tax rates as they were approved on June 23, 1981. The Coloma-Lotus Special Tax did not provide for any future annual increases to the original tax rate; therefore, the tax rates have remained the same since they were first levied in fiscal year 1981-1982.

Figure 2 – Coloma-Lotus Special Tax Rates

Parcel Land Use	Tax Rate
All Real Property	\$60.00 per parcel
Mobile Home Park Real Property	\$60.00 per dwelling unit pad

Pollock Pines-Camino Special Tax

The table below displays the Pollock Pines-Camino Special Tax rates that were approved by the District wide voters on June 23, 1981. The Pollock Pines-Camino Special Tax did not provide for any future annual increases to the original tax rate; therefore, the tax rates have remained the same since they were first levied in fiscal year 1981-1982.

Figure 3 – Pollock Pines-Camino Special Tax Rates

Parcel Land Use	Tax Rate	
Single Family	\$30.00	per parcel
Multiple Family	\$60.00	per parcel
Commercial	\$60.00	per parcel
Industrial	\$60.00	per parcel
Mobile Home Parks	\$60.00	per parcel

Northside Special Tax

The table below displays the Northside Special Tax rates that were approved by the District wide voters on February 3, 1987. The Northside Tax did not provide for any future annual increases to the original tax rate; therefore, the tax rates have remained the same since they were first levied in fiscal year 1987-1988.

Figure 4 – Northside Special Tax Rates

Parcel Land Use	Rate	
All Real Property	\$35.00	per parcel

Strawberry Area Suppression Assessment

The table below displays the Strawberry Area Fire Suppression Assessment rates that were approved by the District wide voters on August 10, 1992. The Strawberry Assessment did not provide for any future annual increases to the original assessment rate; therefore, the assessment rates have remained the same since they were first levied in fiscal year 1992-93.

Figure 5 – Strawberry Special Tax Rates

Parcel Land Use	Rate
Residential	\$30.00 per parcel
Commercial	\$60.00 per parcel

Special Taxes, Fiscal Year 2021-22

In general, revenue from the four special taxes and one assessment for fiscal year 2021-22 property tax bill collections were used to fund local fire suppression, protection, and emergency medical services in the El Dorado County Fire District. The services provided comprise the following:

- **Emergency Response:**
Structure, vehicle and wildland fires, medical emergencies, rescue, hazardous material spills and hazardous material incidents.
- **Public Assistance:**
Respond to requests for service from the public when those services are not otherwise assigned to other public agencies.
- **Fire Prevention & Safety:**
Programs that include the implementation and enforcement of fire and life safety regulations and laws.
- **Public Education and Information:**
Programs to prepare the citizens of the District to better prevent and mitigate emergencies.
- **Administration:**
Administration and overhead costs.

The Figure on the next page displays the final budget for the El Dorado County Fire District, for fiscal year 2021-22:

Figure 6 – Final Budget for Fiscal Year 2021-22

Final Budget FY 2021-22		
Revenues		
Special Taxes (5 Taxes)		\$517,231.03
Property Tax		\$10,526,919.47
Fines, Forfeitures and Penalties		\$10,957.14
Revenue from Use of Money and Property		\$51,278.04
State Revenue		\$1,052,519.10
Federal Revenue		\$0.00
Other Governmental		\$721,883.87
Service Charges		\$604,311.83
Miscellaneous Revenue		\$8,201.44
	Total Revenue	\$13,493,301.92
Expenses		
Salaries and Benefits		\$10,583,402.21
Services and Supplies		\$1,449,405.09
Administration		\$136,153.22
Fire Prevention		\$1,148,426.23
	Total Expenses	\$13,317,386.75
	Ending Balance	\$175,915.17

Special Taxes, Fiscal Year 2022-23

For fiscal year 2022-23 the four special taxes and one assessment will continue funding operating expenses, and capital improvement expenditures in order to provide local fire suppression, protection, and emergency medical services.

The Figure below displays the preliminary projected revenues from the special taxes for the El Dorado County Fire District, for fiscal year 2022-23:

Figure 7 – Projected Revenues for Fiscal Year 2022-23

Projected Revenues FY 2022-23	
Pleasant Valley Tax Revenue	\$158,507.90
Coloma-Lotus Tax Revenue	\$51,420.00
Pollock Pines-Camino Tax Revenue	\$222,839.96
Northside Tax Revenue	\$96,319.96
Strawberry Assessment	<u>\$5,400.00</u>
Total Revenues from Special Taxes	\$534,487.82

Administration of Special Taxes

Levy and Collection

The Special Tax is collected by the El Dorado County Treasurer-Tax Collector at the same time and in the same manner and is subject to the same penalties as ad valorem property taxes. Unpaid taxes bear interest at the same rate as the rate for unpaid ad valorem property taxes until paid.

The special tax levies are calculated for all parcels on the new fiscal year's assessor roll. This roll includes all parcels that are in existence prior to January 1 of the previous fiscal year. After the special tax levies have been computed, the levy data must be filed with the County Auditor prior to August 10 of each year for inclusion on property tax bills.

After submission of the parcel tax levies, the final levies should be confirmed with the County Auditor prior to the preparation of tax bills, which typically occurs in October. The special tax is collected in two equal installments on the tax bills that are due on December 10 and April 10.

Use of Proceeds

All proceeds of the special taxes levied and imposed shall be accounted for and paid into a special account designated for use of operations and maintenance of the District to fund local fire suppression, protection, and emergency medical services, pursuant to Government Code Section 50075.1(b) and (c).

Annual Audit

In accordance with the requirements of Government Code Section 50075.3, the District shall create a separate account into which the proceeds of the parcel tax shall be deposited. An annual written report shall be made to the Board of Trustees of the District no later than December 31 of each year, showing (i) the amount of funds collected and expended from the proceeds of the education parcel tax and (ii) the status of any projects or programs required or authorized to be funded from the proceeds of the education parcel tax. The report may relate to the calendar year, fiscal year, or other appropriate annual period, as the Superintendent shall determine, and may be incorporated into or filed with the annual budget, audit, or other appropriate routine report to the District's Board.

Appeals Procedure

Taxpayers wishing to challenge the County Assessor's determination must do so under the procedures for correcting a misclassification of property pursuant to Section 4876.5 of the California Revenue and Taxation Code or other applicable procedures. Taxpayers seeking a refund of the Parcel Tax paid shall follow the procedures applicable to property tax refunds pursuant to the California Revenue and Taxation Code.

Public Information

Taxpayers and other interested persons can obtain information regarding the special tax and other information by contacting the District's parcel tax levy administrator, SCI Consulting Group at telephone number (800) 273-5167. SCI Consulting Group's toll-free property-owner inquiry line is also included with property tax bills.

District Boundary

The following diagram displays the boundaries of the El Dorado County Fire District.

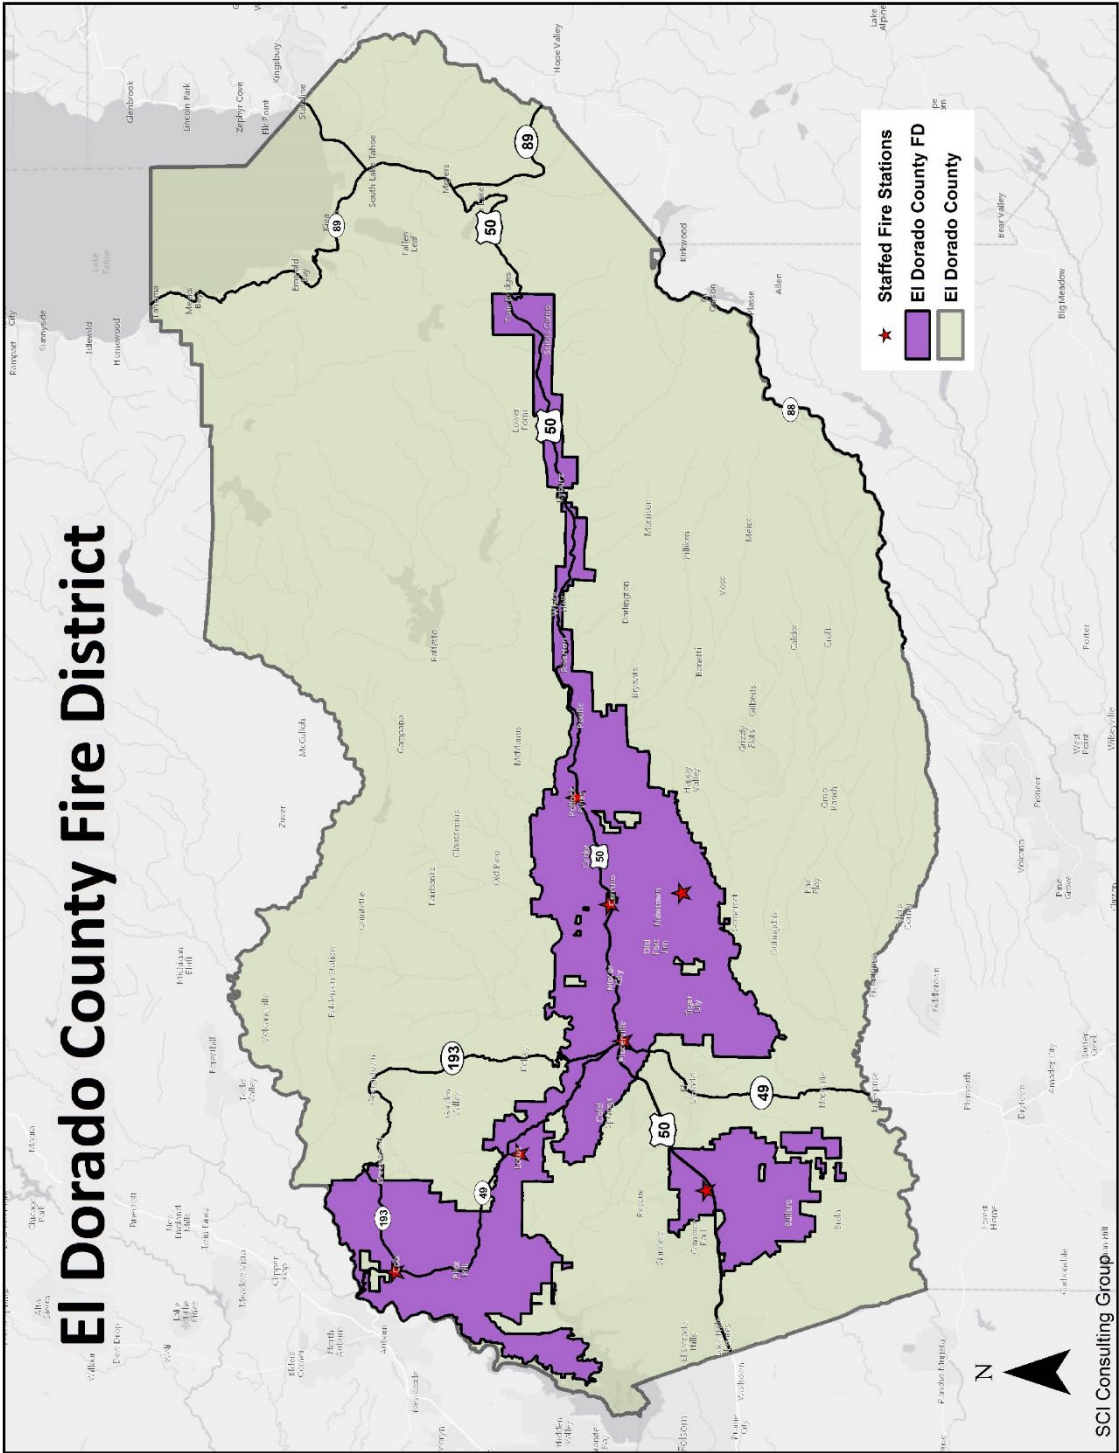

Exhibit A – Special Tax Roll, Fiscal Year 2022-23

The five tax rolls for the four special taxes and one assessment named below, listing the fiscal year 2022-23 special taxes, have been filed with the El Dorado County Fire District and are included herein by reference as Exhibit “A.”

- Pleasant Valley Special Tax
- Coloma-Lotus Special Tax
- Pollock Pines-Camino Special Tax
- Northside Special Tax
- Strawberry Assessment

Exhibit B – AB 2109 Reporting Compliance

Effective with Fiscal Year 2016-17 and thereafter, agencies (as applicable) are required to include the following information for the amount reported under the Special Assessments and Taxes portion of the Local Government Annual Financial Reports (LGAFR):

1. Type and rate of parcel tax imposed
2. Number of parcels subject to the parcel tax
3. Number of parcels exempt from the parcel tax
4. Sunset date of parcel tax, if any
5. Amount of revenue received from the parcel tax
6. Manner in which the revenue received from the parcel tax is being used

This information is summarized on the following pages.

Chief Cordero,

We had the pleasure meeting your Fire Prevention Captain, Lucas Shepard, here at our community, Royal Equestrian Estates, in Shingle Springs, on Tuesday, 8/30/2022.

Captain Shepard was extremely informative, knowledgeable, and thorough in all aspects of his fire prevention presentation. He answered multiple questions from our committee and gave us ideas on how to improve our fire safe practices. We were extremely impressed with him and his presentation.

He examined our fire suppression system and gave us valuable information.

Captain Shepard was also able to observe our perimeter trail and once again gave us valuable information and defensible space suggestions.

Chief, we want to thank you for permitting this valuable experience to occur.

We are planning a community fire safe/ defensible space meeting in the near future and hopefully Captain Shepard will be permitted to attend and speak to us. He has a wealth of information to share and what an advantage it would be for Royal Equestrian Estates residents.

Thank you,

Bill Moe
Royal Equestrian Estates
Fire Safe Council
